RENTAL SINCE 1988

We are equipped with a large ski and ski-boot deposit with heated lockers, which is extremely safe thanks to access control by means of a magnetic card. In addition, for your own convenience, you can book a mini-bus by phone, which will take you to the hire place and drive you back to the hotel on the day of your arrival in Andalo.

Equipment always under control, sterilised ski boots, skis of different categories (basic ski carving for beginners, top carving for more experienced skiers all the way to race carving). We also have bobsleighs, helmets, snowboards and snowblades.

Our equipment is mostly renewed on a yearly basis or completely overhauled.
